

## Mini Flail Mower

A compact flail mower offering high quality cut and scarifying options, manufactured to a high standard with top quality materials for a long and trouble free working life for the 12.5hp to 35hp compact tractor range

- Cutting widths of 1.0m/1.2m/1.4m/1.6m
- Easily adjustable full width rear roller
- Choice of flails; Standard, fine or scarifying
- Scarifying capability
- Heavy duty drive line (2 year warranty on gearbox)
- Remote greasing

All the Mini mowers have an adjustable Category 1 (Cat 0 optional) linkage and low PTO shaft which make matching the Mini to even the most unusual of tractors an easy task. Height of cut is controlled by an adjustable full width rear roller, which follows the ground contours giving an even height of cut while improving the turf surface and flattening

Model	Cutting width mm	Weight kg	No. of flails half Y paired (fitted as standard)	No. of paddle flails/scarifying blades (optional)	Minimum tractor hp	Front castor kit
M960E	960	95	48	24( paddle only)	12.5	N/A
M1120E	1120	100	56	28(paddle only)	12.5	N/A
M1000	1000	150	64	32	12.5	Optional
M1200	1200	162	80	40	12.5	Optional
M1400	1400	175	88	44	15	Optional
M1600	1600	190	100	50	18	Optional
